Texas Annual Conference

Procedure for Conducting Election of Clergy Delegates to General and Jurisdictional Conferences

The purpose of this procedure is to improve the process of electing clergy delegates to the General and Jurisdictional Conferences while continuing to insure that the opportunity for election is open to any eligible individual. Clergy delegates will, under this procedure, be better informed about the qualifications of persons who wish to be elected. The balloting and counting will be quicker and the tally of votes will be more accurate.

Procedural Steps:

1. Letters were mailed to all conference members eligible for election explaining the opportunity to present a photograph and a brief resume for inclusion in this booklet. They were asked to return a postcard indicating whether or not they would be submitting resumes. Those same letters were available on our conference website.
2. Before the deadline, all persons who had indicated a desire to submit a resume, but whose resumes had not been received, were sent an email reminder, and/or a phone call. After the deadline, another reminder was sent to give those persons a final cutoff notice for publication of resumes.
3. All resumes received have been published and mailed with the Pre-Conference Journal for Annual Conference 2011.
4. An explanation of the voting procedure is included in the Pre-Conference Journal mailing as part of the resume booklet.
5. The voting procedure will be as follows:
 - A. Each person listed in the distributed booklet will be assigned a n identifying number which will be shown in the booklet.
 - B. Clergy Ballots will be electronic hand-held devices and a personal SIM card to insert into the device. One ballot, or position will be voted on at a time. The identifying numbers of all persons who turned in a resume, will be listed in the Resume Booklets, as well as printed on the front screens to make your selection easier. You will enter the 4-digit number into the hand-held device and press the appropriate key to send your vote into the system.
 - C. Clergy persons not in the booklet may also be supported for election so a write-in vote can be made. Those wishing to vote for a write-in will need to submit your name at the appropriate time in the Clergy Meeting on Monday morning to be eligible for selection during voting. We must have all the names of persons wanting to run for a delegate position during the time requested, in order to assign a 4-digit number and have their names appear on the screens during voting.
 - D. Ballots will be tallied by a computer program provided by IML North America. Please note the following procedures:

- One hand-held device per delegate that will be distributed at the door of each business session. Combined with a SIM card that will be distributed to each delegate at registration.
- Please remove your SIM card when your voting is completed for the day and store in a safe place in your possession. You must have this SIM card to be able to vote. Make sure you take it with you.
- Turn the hand-held device in at the designated tables following the business session. Each device must be turned in each day so that they can be re-charged for the next day. Each device is equipped with an alarm that will sound when the device is taken away from the designated location for voting.
- When all of the ballots through the hand-held devices have been submitted and a delegate is elected, the newly elected delegates name will be added to the list of 2012 Delegates on one of the screens at the front of the General Assembly Hall.

Leadership in TAC structures: District-Chair Ministries Executive Committee, Board of Ordained Ministry. TAC-Hispanic, Episcopal, Religion & Race, Golden Cross, CF&A. Other-United Methodist Foundation (now Heartspring) Trustees, Wesley Community Center Board.

Driving passion for ministry: Passion is what drives/motivates/energizes/ reaffirms/reassures me that what I am doing is what God wants me to be doing. Passion for faithfully serving God's kingdom daily & bearing witness to His saving grace helps me remain focused on the goal. In addition, as Christ was passionate about loving the least, the lost, even the ones who were radically different from himself, so I strive passionately to do likewise.

My hope for the UMC in 5 years: I hope & pray the church will be more scripture-centered, mission-minded, evangelically passionate, & will desire to proclaim in every technological venue possible the saving message that Jesus Christ is Lord of all.

My reason to serve as a delegate: Serving the church at this level involves a learning curve. The general church is multi-structured, complicated, & at times intimidating. It takes some time to network within the church to craft legislation that can radically change its current fabric. These networking relationships also allow delegates to work collectively in pursuit of prayer-filled & well researched legislation that will help unify the church toward its ultimate mission: "To make disciples for Jesus Christ, so that the world may be transformed in His likeness." Never forget the central focus.

Years of previous General/Jurisdictional experience: Jurisdictional Conference 1992, 1996, 2000, 2004, 2008. General Conference 2000, 2004 & 2008. Legislative Committees: General Board of Higher Education & Ministry 2004 & 2008.

Racial/Ethnic Group: Caucasian

Past Appointments: Katy-Holy Covenant, & Galveston-Moody.

Leadership in TAC structures: Have not served on any TAC commission or board. Have served faithfully working in my own local church.

My hope for the UMC in 5 years: Concentrate on the local church. It is my opinion that the decline we have experienced & continue to experience can be turned around by some TLC—The Local Church. More efforts to strengthen each church without threatening either the church or the pastor is needed.

My reason to serve as a delegate: I believe it is time that folks who are faithfully serving in the local church be lifted up for leadership. I am 56, Caucasian, and intend to work so that our current Book of Discipline will remain as it is on all of the “hot” topics. I would appreciate your support.

Church Appointment: Houston-St. Paul's
Gender: Male
Racial/Ethnic Group: Caucasian

Past Appointments: Sr. Pastor Houston- St. Paul's past 15 years.

Leadership in TAC structures: Pastor, District Superintendent, Board of Ordained Ministry, Chair Episcopacy Committee, Chair Episcopal Residence Committee, Mentor for Younger Clergy, Trustees Lon Morris College & Southwestern University, Executive Board Perkins School of Theology, Board of Directors Methodist Mission Home San Antonio, Hispanic Ministries Task Force, Trustees Lakeview Conference Center, Dean School of Christian Missions.

Driving passion for ministry: My driving passion is twofold: I want to be the best pastor I can be to the people in my charge. I am passionate about pastoral ministry for those experiencing difficult life circumstances. Also, I am driven to interpret the gospel of Jesus Christ in a way that engages the deepest thinkers of our society.

My hope for the UMC in 5 years: I hope the UMC will be a relevant witness for the gospel of Jesus Christ in our nation & in our world. I hope we will be able to engage the world in which we now live with a message that transforms lives & cultures. Our witness must be rooted in the gospel & relevant to our times. I hope we find a way to be faithful to the gospel without being captured by the past & relevant to the present & future without being conformed to the world.

My reason to serve as a delegate: I hope to help position the UMC to be the church I envisioned in questions one & two of this response. I will work to help our church find the structure & passion to be an effective & faithful witness for the gospel of Jesus Christ in our complicated but very needful world. I believe we can make the kinds of decisions about who we are as a people that will engage young people & leaders for the cause of Christ.

Leadership in TAC structures: West District-Chair Committee of Ministry, Registrar for the Course of Study School for Local Pastors, member Clergy Accountability Team. TAC-Board of Ministry.

Driving passion for ministry: The need for our generation & future generations to find active, passionate, & fulfilling relationships with the Lord Jesus Christ. Still in the process of justifying & sanctifying grace learning, growing & perfecting my soul to reach that glorious Kingdom. As pastor in a small town USA, I have passion for the small church, its needs, its desires, & its future. My prayer is for the UMC to bring back its very core values, relationship with Jesus, taking care of families, & finding common ground for believers.

My hope for the UMC in 5 years: See the UMC building upon its greatness as in the past. The past built our future & we need to return to some of the standards that made our church flourish. We need to make sure that all voices are heard. Our denomination was formed on conferencing or communication with each other. Listening to each other is one of the greatest legacies the first Methodists gave us. Even though you may not believe as I do, we have the same God that loves us & expects us to love each other, & sacred dialog is the only way to build trust & our future.

My reason to serve as a delegate: I would be honored to serve as a delegate because I am interested in policies & practices of the governing bodies of the church. I served as a page last General Conference & not only learned but gained valuable insight into the workings of the church. I feel because of my unique position as pastor of a small town in rural America, I bring new & refreshing ideas & represent those small rural towns in the greater body of the UMC. The opportunity to serve is just that, an opportunity. Finding a way for the voice of the small church in the midst of large mega churches to be heard is my goal & aspiration.

primary means God uses to transform lives & the world. I am passionate in leading the local

My hope for the UMC in 5 years: See the UMC be renewed in both our Biblical
understanding & Wesleyan theology; & to renew our passion to reach people who are far
from God with His message of grace & transformation.

My reason to serve as a delegate: I want to offer my experience as a pastor of a growing
church & bring that perspective to General/Jurisdictional Conference so that the work of
the local church in making disciples is our primary focus. I will offer a voice to support the

Church Appointment: Superintendent, Central North District
Gender: Male
Racial/Ethnic Group: Caucasian

Past Appointments: Superintendent, Southeast District 2006,
Superintendent, Beaumont District 2005, Pastor, Missouri
City-First 1994.

Leadership in TAC structures: TAC-Chair Worship,
Nominations, Cabinet Rep to Core Leadership Team, Dean of the Cabinet.

Driving passion for ministry: As a pastor, & as a District Superintendent, I have always had a passion for helping people discover & embrace how they can serve Christ. It is a joy to encourage people to give voice to their sense of call & to identify their gifts & grace for ministry (lay & clergy). More importantly, people want to serve Christ because they grow to love him. This has always meant shaping ministry that fosters growth in a faith relationship with Jesus.

My hope for the UMC in 5 years: My hope for the UMC is based on how church leaders are concerned with the mission of making disciples of Jesus Christ. This renewed purpose will help us gain clarity of ministry at all levels of the church as we lean into God's future.

My reason to serve as a delegate: I want to be engaged in the church-wide conversation that is addressing the implications of dramatic societal changes, & how these changes relate to the central purpose of our church...to make disciples of Jesus Christ for the transformation of the world. This is a time to sharpen our focus, to gain clarity about the allocation of resources in relation to our mission, & to unfetter our church from unnecessary bureaucratic policies.

Racial/Ethnic Group: Caucasian

Past Appointments: Longview-Greggton 2005-present,
Houston-First 2001-2005, DeKalb-First/Hubbard Chapel 1998-
2001 & Kilgore-St. Luke's & Kilgore Wesley Foundation
1995-1998.

Leadership in TAC structures: The longer I do ministry the more convinced I become that we can never overdo the basics of spiritual formation: worship, Bible, prayer, fellowship, & service. As Methodists we understand the power of grace not merely to get people into heaven, but also heaven into people. Where people are filled with the love of Christ, the church is an irresistible force in transforming the world.

Driving passion for ministry: Having recently read biographies of Wesley, Asbury, & Cartwright, I see our future—our fruitfulness— springing from our roots as a movement of the Holy Spirit. As Methodists, we had our greatest impact on the world when we were on the frontier, both figuratively & literally, meeting & confronting people with scriptural holiness, much as the growing edge of world Methodism is doing today. Only by simplifying, becoming leaner & more focused, will we be free to grow. Admittedly, in our denominational system, that will not happen in 5 years, but we must make decisive steps in that direction.

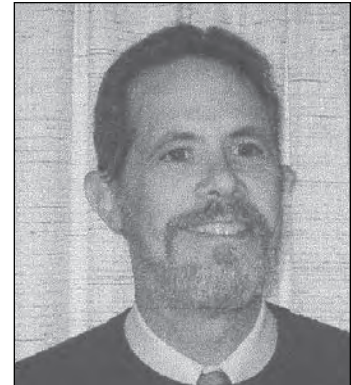

My hope for the UMC in 5 years: I am passionate in my Wesleyan theology & want to assure our future as people of grace & truth. In our attempt to be corporately effective & efficient, we built a bureaucracy on mistrust, accumulating rules to maintain control over a diverse denomination. For that reason, we need to genuinely “rethink church” & make fundamental changes to regain the wild edge of the Methodist movement by: reducing bulkiness of The Discipline requirements, restructuring the denomination for flexibility & creativity at the conference & local church levels to address each mission field, focusing apportionment dollars, concentrating & simplifying the ordination process with more on-the-job training— for the purpose of freeing congregations to make disciples of Jesus Christ who transform the world. Beyond those considerations, & my background & experience, I can represent the entire TAC, from Matagorda to Texarkana, smallest to largest congregations, lay & clergy.

Past Appointments: Lissie, Rusk-First, Deer Park, Houston-St. Mark's Pecore, Tool-Cedar Creek Lake.

Leadership in TAC structures: District-Church Location & Building. TAC-Mentor training new ministers. Other-Teacher at Local Pastor's School.

Driving passion for ministry: As with all ministers, to follow Christ's will for our ministry. We are called to make disciples for Jesus Christ, yes? This is my passion, to make the Church consistent with its rhetoric. We are not called to protect the Church. We are not called to be liberal or conservative. We are called to be Christians. We are to stand with courage before the world, "as sheep among wolves", & say: here I stand I can do no other.

My hope for the UMC in 5 years: You will not like my answer, I hope to see the Church relevant again in people's life. By this I mean that when people in the church make decisions it is not about money, power or recognition but whether it is Christ's will for that church. And the reason they are doing this is because they have seen it happen on the District, TAC and General Conference levels. It means compromise on the small things & unite on the board front. I believe you will remember someone once said; "if your heart is as my heart, give me your hand." I know we can grow if we but have the courage of our conviction that we are the people of Christ. Christ who died for us & lives for us. We follow a Triune God who stands in the middle of the road beaconing all to come into the love that is Christ Jesus.

My reason to serve as a delegate: I come with no agenda except, wanting to help the Church be more effective in making disciples for Jesus Christ. Look at our established churches, most are not growing? If you are ok with this then do not vote for me. If you want our rhetoric to match our actions & our Church grow in strength & vitality then I am your man (Sorry I cannot do anything about my age, sex or ethnicity, but I can keep a sense of humor about it).

My hope for the UMC in 5 years: I hope to see the UMC as a thriving network of churches that are taking positive steps forward toward healing the brokenness that divides our body that we might live in accordance with John 17. I hope to see a church that has a clearer understanding of it's common witness so that we are making more new disciples of Christ that the world might be transformed through God's Spirit working through us. And I hope to see a church that is more fiscally sound & just throughout the life of the connection.

My reason to serve as a delegate: I care much for the church. It seems as if much hangs in the balance & that the directions we take in the next two quadrennial will determine so much of the future shape of the church. These are times for honest assessments of the present state of the church, times for healing, & times for innovation. I believe that I can positively contribute to each of these areas.

My hope for the UMC in 5 years: I see the renewal of the local church occurring as congregations reclaim their local communities as their primary mission fields.

My reason to serve as a delegate: I am interested & concerned about issues of structure & accountability; I am concerned about good stewardship & accountability regarding the church's financial resources; I am concerned about the proposed Ministry Study & while I agree that we should do away with guaranteed appointments, I believe that this should be equally applicable to all.

My reason to serve as a delegate: I have been a delegate to four General/ Jurisdictional Conferences & believe I need to offer that experience for the TAC.

Years of previous General/Jurisdictional experience: General/Jurisdictional Conferences 1996, 2000, 2004, & 2008. Have served on the Conferences Committee in General Conference, & Conference Boundaries & Jurisdictional Committee on Episcopacy in the Jurisdictional Conference.

Past Appointments: Sr. Assoc. Bryan-First, Hooks-First, Assoc.

Leadership in TAC structures: Texarkana District-Trustees, &
Board of Ordained Ministry.

Driving passion for ministry: Seeing people come to a first time and/or closer relationship with God through Jesus Christ. I believe this can occur through various avenues through a church's ministries-Bible Studies, Sunday School, mission trips, one-on-one discipleship, worship, good effective preaching, etc.

My hope for the UMC in 5 years: First & foremost, my calling to the ministry was not for the purpose of saving a denomination; so the survival of the UMC is not the guiding star in my ministry. But as a minister of the Gospel of Jesus Christ within the structure of the UMC, I pray that we will once again be a force for the kingdom of God in the world, driven by the sole desire & passion of the salvation of people's souls.

My reason to serve as a delegate: If you elect me to represent you at General Conference, I confess I will reconcile to be inclusively progressive in breaking the silence of the movement of the good news of the gospel of Jesus Christ so that radically hospitable, extravagantly generous, open-minded, open-hearted, open-doored congregations that worship passionately, take risky mission, & intentionally develop the faith of its congregants can be free to utilize tradition, experience, reason, & scripture to make disciples of Jesus Christ for the transformation of the world so that we may all be able to recite the orthodox tenets of the Christian faith as contained in the Apostles Creed which I utilize regularly while serving as a second-career senior and/or associate pastor of rural, county seat, urban, and/or suburban congregations to which I might have been appointed throughout my ministry.

As I write that one sentence, I first do so with a chuckle wondering if I used your "key word" or "catch phrase" that lets you know "you can trust me; I am on your side." Then, I sigh when I consider what we have become when we must resort to such verbal contortions in order to assure one another that we are on the same side. Shame on us, for my concern should not be if I am on your side, but if I am on the side of God. Are my wants & desires for the church in line with what God desires for the church? That's why I would want to serve as a delegate to General/Jurisdictional Conference—that I can be a part of a group which, through regular prayer & fasting, seeks out God's will for the UMC to insure it is in keeping with His will for us & for the Kingdom; because if we do anything that is not conducive to making disciples of Jesus Christ then we need to discard it or change it.

Driving passion for ministry: I long for the UMC to be vibrant, relevant, & focused on

My hope for the UMC in 5 years: I am fascinated with Slaughter's appeal for us to be more

the need for worship to be God-honoring & small groups to be faith-forming. I am convinced
that the hope of the UMC is found in vital ministries of local churches.

My reason to serve as a delegate: I am committed to the Holy Conversation that have the

Leadership in TAC structures: District-Committee on Ministry,
Candidacy Mentor. TAC-District Representative to CLT, Board of Ordained Ministry, Dean
Local Pastor's School, Chair Counseling Support for Clergy & Families.

Driving passion for ministry: The ministry God calls me to serve is fueled by lives being transformed. Families are my driving interest, especially the restoration & renewal of the poor, minorities, & broken people in our immediate communities & around the world. The ultimate goal of the ministry God calls me to is to reach the world through an outpouring of love.

My hope for the UMC in 5 years: I believe the UMC has a great future. The many gifts God has blessed this denomination with are sufficient to address the challenges of a broken & confused world. Both laity & clergy in this denomination have the potential to work in consort to fill the void in communities that are seeking peace, hope, & love. In 5 years I see the church growing spiritually, reaching the most desperate & lost in the world, & truly uniting in the partnerships that manifest true connectional-ism.

My reason to serve as a delegate: I want to serve as a delegate to help navigate & support God's vision for the church locally & around the world. Urban pastors of small black local churches are rarely elected to General/Jurisdictional. I believe my pastoral experience as a chaplain in higher education, knowledge of the church-both in annual conference service & chairing a national caucus, along with passion for the people in the pews qualifies me for consideration & election. I believe I can make a difference in what we do as the people of God for the poor & how our abundance can support the revival of church as a viable spiritual force in the world.

Church Appointment: Deputy General Secretary UMC
Committee on Relief
Gender: Female
Racial/Ethnic Group: Hispanic

Driving passion for ministry: To serve those who live in the margins is not only our call but our responsibility. When we give voice to the voiceless & provide a place at the table for everyone we express what it means to truly be the body of Christ. There is no greater expression of God's love than to love one another & to serve each other fully. I believe that it is out of our experiences in mission & our firsthand experiences of justice & mercy that we encounter the living God. A true sense of discipleship is birthed when people share the gift of themselves. It is in the sharing of a cup of clean water in a Nicaraguan community, a mosquito net to fight malaria in sub-Saharan Africa, a new roof on a hurricane survivor's home that we share the gifts of grace.

My hope for the UMC in 5 years: My utmost prayer is that in 5 years the UMC will be a more vibrant, growing church in the world. The church must continually BE a global church making disciples of Jesus Christ for the transformation of the WORLD. The UMC has the unique ability to serve our brothers & sisters around the world that others cannot reach. My journey at UMCOR has allowed me to experience places where the road ends—the UMC is there! Beyond the end of the road there is still a small church, a clinic, a hospital—serving those who live not only on the fringes but what might appear the end of the earth or at least the end of the road. We must celebrate, embrace & own this gift to the world.

My reason to serve as a delegate: I believe that today I am in the best place I have ever been to serve as a delegate to General/Jurisdictional Conference. Having served the local church, the annual conference & now at the agency level has afforded me the unique ability to experience the church at all levels of decision-making. I serve in what I consider to be one of the most unique places in the church at GBGM/UMCOR. In this position I am privileged to work with congregations, annual conference, central conference, Episcopal offices, many levels of the church's agencies & ecumenical partners around the world. Being a delegate requires dedication, commitment & stamina. I not only have the energy for this work but the passion. I love the UMC & believe we can continue to serve the world in powerful ways making disciples of Jesus Christ for the transformation of the world.

My hope for the UMC in 5 years: See UMC as energetic, growing, open, inclusive church

saving grace & love of Jesus Christ.

Driving passion for ministry: I love the church, I believe I can make significant contributions through the legislative process, & I am excited about the future of the UMC.

My hope for the UMC in 5 years: To me the essential work of the General & Jurisdictional Conferences should be focused upon empowering the local church. The most important work we conduct is not in a national board or agency, but in the thousands of congregations across the globe. My agenda will be to work specifically for the empowerment of the local church.

My reason to serve as a delegate: I am orthodox in my theology & practical in my approach of leading the congregations where I have been called to serve.

Years of previous General/Jurisdictional experience: Since 1984 I've served as a part of our Delegation in a variety of capacities: as a Marshall, Communicator & reporter, reserve delegate & jurisdictional delegate. Leadership in TAC structures: Southwest District-DLT, Camp Coord., Tyler District-Committee on Ministry. Various other District positions. TAC-Currently: CF&A, New Church Start Funding Grants Committee. Past: Chair Equitable Compensation, Vice-Chair Equitable Compensation, Secretary Equitable Compensation.

Driving passion for ministry: Is leading & nurturing discipleship in Jesus Christ. I believe this is most profoundly done at the local level through church congregations. I left a career with Exxon because I felt called to be a minister who encourages & facilitates the ministry of the laity. Discipleship in Christ transforms individuals & offers the opportunity for transformation of our world. The work of the UMC must be about breaking down barriers & transforming lives for the transformation of the world.

My hope for the UMC in 5 years: I hope & pray that we will unite together in the work of Jesus Christ in a faithful & fruitful way that will outweigh & overshadow whatever differences we maintain. Instead of highlighting our struggles, I hope that we will be able to turn our energy effort toward the changing of lives through the power of Christ. I hope that we will recapture the many ways in which we are a unique part of the Christian faith community that offers an open table, grace centered baptism, & a conciliatory environment that agrees on the essentials & lives with the different opinions. I hope we live into our claim of “open hearts, open minds, & open doors.”

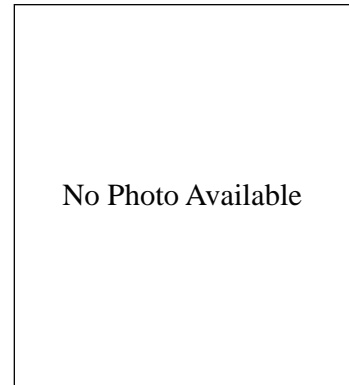

My reason to serve as a delegate: Because I have a long, abiding love for the UMC, a keen awareness of our challenges, & a sincere willingness to find solutions & directions for our church through conferencing, particularly through listening to one another instead of lobbying against one another. I am a life-long Methodist, raised as the child of a Methodist minister, & have faithfully served the church as a lay person, as well as an ordained clergyperson.

Driving passion for ministry: Bringing the love of Jesus Christ to those outside the church walls, & equipping those within the church walls to do the same. My heart breaks for those missing out on the gift of a life in Christ. I know what God has done for me, & I am passionate about my call to pay it forward, & lead others to do the same.

My hope for the UMC in 5 years: That the church continues to place Christ at the center of all it does & follows the lead of the Holy Spirit with zeal & perseverance. I think we are faithful, but I think we could work on passion. In 5 years I would like to see us mature into a growing, passion-filled, Spirit-led body. I would like to see a church where "lukewarm" is the unfortunate exception rather than the expected majority; where the broken collect to get right with God, the sick gather for healing, the hungry & thirsty for sustenance. A place where showing a little energy & excitement for what God can do for a person is not looked down upon, but assumed as normal. I would like to see a church where a sermon on how we need to reach out to those not currently on the roll is nothing special, & where "out-of-the-box" blowing of the Holy Spirit is accepted with enthusiasm.

My reason to serve as a delegate: God is at work in us, through us, & in spite of us. God is inviting us to join in & follow the lead of the Holy Spirit. If I, in any way, can help lead the church toward a closer walk with our Savior, I welcome the opportunity.

Passionate & experiential worship, regardless of style.

Driving passion for ministry: In the midst of ministry is of translating faith, hope, & love, our central beliefs as Christians, into active service within our communities. To me the idea of 'be' and 'do' are inseparable when it comes to living a life in Christ. My ongoing goal for myself & my congregation is to live a life of faith that is visible & vibrant.

My hope for the UMC in 5 years: See the UMC pushing forward in the process of best identifying & serving our unique mission fields in excellence by:

- Identifying, nurturing & equipping diverse & talented clergy.
- Allowing for non-traditional appointments, & redefining success within those communities, focused on community outreach & Missional excellence.
- Equipping laity to 'be' the church, & to lead the charge in the disciple making & transformation process.

Driving passion for ministry: Serving Jesus Christ, becoming more like Him, & seeing people fall more in love with Him. I truly love watching nominal Christian or "church-goers" grow into those who are excited about God's Word & following His will. I believe the imperfect community of believers that is the Church is the best place for this transformation to happen, & I love being part of that community & watching people come alive in faith.

My hope for the UMC in 5 years: Growing in disciples & in passion for Jesus Christ. I would love to see a renewed devotion to Scripture & a desire to challenge ourselves & others to a deeper commitment to Christ. The original intentions of the Methodist movement were to see people pursuing holiness & serving the least of these. What would happen if we returned to those roots with unswerving dedication?

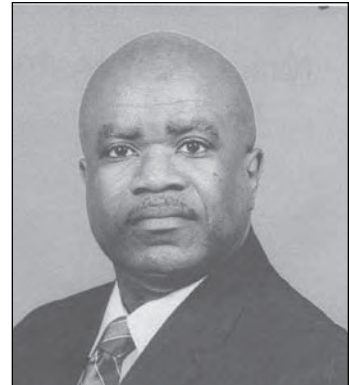

My reason to serve as a delegate: I volunteered as a Page at the 2008 General Conference in Ft. Worth & found new hope in the process by which our Church comes together to make decisions as a global family. I would love to be part of that process of decision making & to represent the TAC. I believe we need to begin developing the next generation of leadership on General/Jurisdictional level, & I would be honored to learn from those who have served in these positions.

My hope for the UMC in 5 years: See the UMC no longer diverted from our main task of making disciples of Jesus Christ. Hope to see the UMC giving itself away in service that makes a difference in the lives of people who are in need in our community.

My reason to serve as a delegate: I love Jesus & His church & want to serve the church in any way that I can. As a delegate I would learn as much as I could listen to, from as many voices as possible & pray for the guidance of the Holy Spirit in every decision. I would use the Wesleyan method of scripture, tradition, reason & experience as my guide.

Past Appointments: Diboll-First, Greggton, Wichita Falls-First, Lufkin- First, & Carlsbad NM-First.

Leadership in TAC structures: East District-DLT & Registrar Committee on Ordained Ministry. TAC-CLT & Task Force on Clergy Recruitment.

Driving passion for ministry: I have served large churches & small churches as both lay & clergy. In serving these churches I have provided leadership for significant ministries of spiritual formation within the church. I have heard conversations about & plans for ministry outside the four walls but have seen little implementation of those plans. I have a passion for ministry that makes disciples, especially in the small, rural church. I enjoy working with congregations to identify their mission-field & helping to find ways to serve together in & through that mission-field.

My hope for the UMC in 5 years: Connecting & serving God in this world. To see a church that lives passionately outside the walls of the local congregation. To see the local church be reminded that together we can do more than we can do alone. That in our calling to make disciples we will find ways to join hands in the community & in the connection, that is the UMC.

My reason to serve as a delegate: I have a great love for the work of the UMC both locally & globally. A part of that work is coming together as the connection & participating in holy conversations about how we are to get the work done. I will bring to the General Conference a true heart for listening & sharing as together we strive to discern the will of God as we move forward as servants of Jesus Christ.

Driving passion for ministry: Making dedicated disciples for Jesus Christ. It's about hearts & souls in relationship with our loving God. That faith relationship has all too often become one of convenience and/ or desperation for many. For others this relationship is kept hidden & in doing so is made a lower priority. I am passionate about elevating the priority of that relationship in people's lives & in our churches.

My hope for the UMC in 5 years: See the UMC in a much more solid place. For the past 10 years there has been much course correction & momentum building, but very little solid traction to affect real change. We have been sliding on issues of distraction when our main focus is being lost. And the disconnect keeps growing while not keeping up with the expanding avenues of communication available to us. We can no longer remain a solid enterprise & institution, but must realize our true purpose as a movement!

My reason to serve as a delegate: I am called by God to serve in the UMC. That calling extends beyond the local congregation. I view this not as an opportunity but a responsibility to nurture the church as a good steward should & that includes all levels. Thoughtfully, with much prayer & love, God's will be done.

Driving passion for ministry: As a pastor of churches for 28 years, the focus of my ministry is reaching people with the good news of the gospel & ushering people into a relationship with God through Christ. I love preaching & working with the people in seeking God's future for us as a church. While I love equipping others for ministry, those moments I cherish the most are the ones I am more about doing ministry than talking about it. I also feel a sense of calling to work within the denomination to develop a healthier understanding of what it means for us to be a connectional church.

My hope for the UMC in 5 years: See the church moving toward practicing a connectionalism in which the members of our local congregations would know about & celebrate not just the ministries of their local churches but also the world wide ministries of the UMC. As with any large organization, differences will always exist in our church. I'd love to see us moving toward a time when General Conference is more focused on the ministry that unites us than the differences that divide us. Also want to see starting many more churches than we are closing.

My reason to serve as a delegate: I believe there is as much energy & momentum for positive change in our denomination as I have seen in a number of years. My knowledge & passions in that regard are centered around seeking to make changes to how we gather funds in support of our general church ministry. I also am aware that the present system (apportioning) was talked about for over 20 years before it was finally instituted in the early 1900's. Any changes in that regard will not take place quickly. I am committed & patient. This General Conference represents one more opportunity to continue that process.

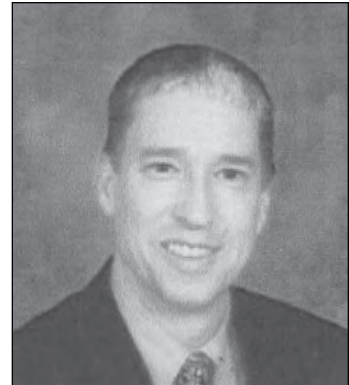

Years of previous General/Jurisdictional experience: I was elected as a Jurisdictional Delegate in 1996, 2004 & 2008. I served on the Finance Legislative Committee in 1996 & 2008. I served on the Judicial Administration Committee in 2004.

Leadership in TAC structures: Northwest District- Committee on Ministry, Candidacy Mentor, District Camp Director, & U.M. Army Camp Director. TAC-Sexual Ethics.

Driving passion for ministry: My passion as a pastor in a local church is to cast a vision for the laity in the church so that they may hear & understand their call as disciples of Jesus Christ & their mission to bring about transformation in the world. This includes empowering leaders in the local church to live out their faith & understand that everyone has a role to play in bringing this transformation.

My hope for the UMC in 5 years: That we see the UMC as a growing, vibrant denomination. That growth, both spiritually & numerically, will come through an understanding of God's love & grace for all people.

My reason to serve as a delegate: Despite what some say, I see the UMC moving forward, not just numeric growth but also spiritual growth. I want to be a positive voice at General/Jurisdictional Conference. Our delegation needs to carry the positive message of God's grace & love.

Years of previous General/Jurisdictional experience: I served as a Page at Jurisdictional Conference in 2008.

Leadership in TAC structures: Districts-Northwest Finance,

Buildings & Locations, Tyler Evangelism, Tri-District Camp Registrar, & Houston North
Council on Ministries. TAC-Single Adult Ministries & Worship.

Driving passion for ministry: To see lives transformed by the grace of God through Jesus
Christ as they come to know Christ as their Lord & Savior. From there, it is to see these same
people grow in their faith & discipleship. With that in mind, I want the congregations I serve
to be places where people experience this grace & power.

My hope for the UMC in 5 years: I would hope the UMC would move beyond the culture
wars being played out in our denomination & begin healing the rifts that divide us. I want to
see it with a stronger emphasis on evangelism that helps it grow—not simply for the sake of
growth, but for the purposes of building the kingdom of God & becoming a stronger force in
transforming the world.

My reason to serve as a delegate: I have a deep love for our denomina- tion & want to see
it thrive in mission & ministry. Because of this, I want to serve so that I might help our
denomination tackle the issues that divide us, foster healing & unity within the denomination,
and through that help focus our attention on the mission set before us as a global
denomination.

Church Appointment: Bridge City-St. Paul

Past Appointments: Bridge City-St. Paul 2009-present,
Assoc. Intern Nacogdoches -First 2008-2009, Student Pastor
Nacogdoches Bonita 2004-2009.

Leadership in TAC structures: TAC-Young Adult Council.
Other-South Texas Methodist Student Movement & Delegate to the United Methodist
Student Forum 1996.

Driving passion for ministry: My passion for ministry comes from a deep experience of God. This experience of a loving & redeeming God who is actively involved in the healing of the world has led me to become involved in God’s work in the world. I feel blessed & privileged to serve as a pastor. I enjoy empowering the congregation I serve with, in “making disciples of Jesus Christ for the transformation of the world.”

My hope for the UMC in 5 years: That the UMC will faithfully represent God’s healing love to the world. My experience of God’s healing love has been within the UMC & I hope that our faith remains in God’s strength & power to heal brokenness.

Institutionally, I believe that the UMC faces major challenges. Like most institutions, we seem prepared for the issues of the past & not focused on the challenges of the future. My hope is that the UMC will realize that it is uniquely positioned to leverage it’s connectional system in the digital age to benefit the work of God in the world.

My hope is that the church will fully embrace its global nature & allow the connectional advantages empowered by digital technologies to empower ministry. The re-alignment of the Conference to focus resources on the local church is an important beginning. The utilization of digital media to empower ministry needs to continue throughout the structures of United Methodism to empower the actualization of our mission in the world.

My reason to serve as a delegate: I saw the General Conference up close in 2008 & the sacrifice that the delegates make on our behalf is not something I’m sure a person would “want” to do. I am grateful for their service. I am willing to serve in the capacity of a delegate or alternate because I feel that God has called me to allow all of my life experiences to be used as needed to empower the church. I am willing to serve in this role because friends have told me that my unique experiences in re-structuring complex organizations to meet common objectives & my role in helping dysfunctional organizations become high functioning might be useful in the UMC today.

Driving passion for ministry: The Lord called me into the ministry, so I retired as a public school superintendent. I am glad that He called me and I accepted the call.

My hope for the UMC in 5 years: The UMC will need to return to their core values that John & Charles Wesley gave us.

My reason to serve as a delegate: I believe I can represent the core values of our lay people. I understand the lay people.

Leadership in TAC structures: District-Missions, Committee

Other-Charis Board.

Driving passion for ministry: To love the unloved. I believe the UMC is at its best when we reach out to people rejected by others for whatever reason such as prison inmates, persons not born in our country, the elderly, or any reason whatsoever.

My hope for the UMC in 5 years: I hope to see the UMC at peace with one another & focused on our mission of transforming the world for Jesus Christ.

My reason to serve as a delegate: I am not agenda driven. I am not a member of any subgroup of the UMC. I believe there is room in the Kingdom for all God's children. I would like to be a voice for all who want to see us focus our efforts on saving souls by being "Christ-like" models of love & compassion to all.

Ordained Ministry & Auditor (past: for 4 districts). TAC-Board
of Ordained Ministry, Camping Committee, Chair Town & Country Committee (now Small

Wiley College Board.

Driving passion for ministry: I want to teach, inspire, & encourage people to live & grow in
Christ. There is no greater privilege in ministry than to be a small part of a changed life in
Christ.

My hope for the UMC in 5 years: I hope to see this great church engaged in mission &
ministry throughout the world. I pray it will be driven by the local church & not general
boards & agencies.

My reason to serve as a delegate: This is a pivotal year in the life of the UMC. It is time
for major changes if our denomination is to continue to be a forceful witness for Christ. It
is time to downsize General Boards & Agencies; time to develop more accountability of
those Boards & Agencies; time to let local churches drive the church rather than Boards &
Agencies setting an agenda that may or may not represent our church, time to do away with
guaranteed appointments. These are just a few of the issues that will come before this General
Conference that I see as pivotal for the future of our church.

Years of previous General/Jurisdictional experience: 2008 Jurisdictional Conference

Gender: Male

Racial/Ethnic Group: Caucasian

Past Appointments: Sugar Land-First 1994-present, Exec.
Pastor Houston-Chapelwood.

Leadership in TAC structures: Member of various committees
since 1989.

Driving passion for ministry: It has been my hope through my years of pastoral ministry to help guide & direct a community of faith to make disciples of Jesus Christ. As such, attendees become followers of Christ: followers grow into sacrificial servants & servants become loving messengers of God in the world.

My hope for the UMC in 5 years: The UMC is at a crossroads. In a world witnessing rapid change & transformation on all fronts, the church is challenged to reach younger generations, to embrace emerging options in worship, fellowship & mission, care for the marginalized throughout the world, & to remain faithful to orthodox biblical teaching. By a renewed commitment to its mission & by courageous leadership, the UMC can be a vibrant church, used by God to offer Christ's salvation.

My reason to serve as a delegate: Serving as a delegate would be an honor & would allow me to offer insights learned from my years of ministry, as well as use the connections & relationships that I have established around the country.

Driving passion for ministry: To encourage the passionate worship of God & create opportunities for intentional spiritual formation that moves into creatively spreading Christ's Kingdom beyond the doors of the church.

My hope for the UMC in 5 years: See the UMC truly begin to reshape its spiritual imagination by shaking off the shackles of institutional rigidity & embracing the organic Kingdom principle of relationship building across human boundaries for the sake of winning the world for Jesus Christ.

My reason to serve as a delegate: So that I may have a part in reigniting within the heart of the UMC that "all-a-flaming love for God" that works to heal the world through the perilous business of taking the grace of Christ beyond what is politically prudent & risks all for the sake of seeing God's Kingdom come & His will be done in the here & now.

Leadership in TAC structures: TAC-currently: Chair Sexual Ethics. Past: member Sexual Ethics. Served the following positions in the North Texas Conference: Registrar Board of Ordained Ministry, DCOM Registrar, Chair Sulphur Springs DS Committee & numerous task forces.

Driving passion for ministry: To see people respond to God through faith in Christ in a way that leads them to courageously live & do things that he/she never imagined they could. My interest in mission is to help the individuals who make up the body of Christ that I am called to serve, awaken to the gifts that they have to serve the world immediately around them & equip them to speak about their faith in a way that invites the conversation toward God.

My hope for the UMC in 5 years: Put less resource into our institutional structure & empower local churches to have a greater relevance, interaction, & engagement with the immediate mission field around churches. Renewal will not come from “uniform models” of ministry or measurement of effectiveness; renewal will come as the Holy Spirit inspires & enables people in local congregations to live their faith in a Holy Imagination. Rethink church is a good first step toward inviting this type of creativity & innovation.

My reason to serve as a delegate: I believe in the UMC & I believe that we must radically claim the tension that comes from our current position on issues expressed in the *Book of Discipline of the United Methodist Church*. We need leadership that can graciously engage the polarizing positions of the church & faithfully embrace our current theological & doctrinal positions. I also believe that the amount of energy & financial resources being poured into institutional restructuring should be evaluated to identify if the value of the investment relative to the insights gained. Lastly, I think that we need to create a publicity policy for General Church staff & agencies so that what is said & supported is more representative of all United Methodists.

Years of previous General/Jurisdictional experience: Attended as an observer and reported back to a sub-committee.

Leadership in TAC structures: District-DLT, Sexual Ethics Response Team & Mentor to Seminary Students. TAC-Annual Conference Planning Team & Annual Conference Worship Team.

Driving passion for ministry: Nurturing faith development & raising awareness about the global nature of the church are two passions that fuel my ministry. More than anything, I want to help persons partner with God in accomplishing God's work in them, in their faith communities & around the world.

My hope for the UMC in 5 years: The UMC would be recognizable as the denomination transforming the world not only through its efforts to eradicate poverty & malnutrition & the diseases that go with them, but also through its leadership in addressing the root causes of the same. I'd hope for greater unity within TAC bodies & among sister congregations, built on a recovery of the best of our heritage where all agree that loving God & loving those God loves is of utmost importance. I'd hope to see Methodist clergy & Methodist laity leading their congregations, & the communities that are changing around them, through listening, service & prophetic witness. I'm praying for a stronger, more unified, & better led denomination in five years.

My reason to serve as a delegate: I want to offer myself in service to the larger church, become better informed about the present state of the de-nomination & the directions it needs to take, & contribute what insights I have received through my years in ministry.

Leadership in TAC structures: TAC-Evangelism, Ministry Assessment Team, Extravagant Generosity, Apportionment Task Force.

Driving passion for ministry: I am passionate about seeing people's lives transformed by the power of the Gospel. As lives are changed disciples become filled with the power of the Holy Spirit & have joy overflowing in their hearts. Congregations filled with joyful, powerful disciples can bring about the Kingdom building & community transforming work that God has called us to.

My hope for the UMC in 5 years: That the UMC will be growing in vitality & numbers in such an amazing way that people begin to ask "what happened to bring this about?" That the UMC changes from a declining mainline protestant body into a growing vibrant force of Christians leading the way towards a revival of growth in faith in Jesus Christ. My hope is that we begin to open more churches than we close, & that it is no longer a surprise when we grow as a denomination.

My reason to serve as a delegate: In order to part of the larger conversation of where God is leading us as a body of believers. We serve in a time of marked contrast between North American material wealth & spiritual poverty & the spiritual wealth & material poverty manifest in Africa, Asia & South/Central America. There is something very "Kingdom-like" in this paradox & I believe that globally God is bringing about something wonderful in the midst of it. I would consider it a sacred privilege to be a part of that conversation.

Driving passion for ministry: To help people discover (or re-discover) God's love & grace as revealed in Jesus Christ. I believe the local church is still the primary way that God's Holy Spirit is released into the lives of Christ's followers. My role as pastor is to model, teach & preach in such a way that the people of the church recognize, accept & embrace their role as disciples of Christ & are empowered to live their lives out of their Christian identity.

My hope for the UMC in 5 years: I hope to see a church that is relevant, alive & attractive to the masses of people who believe that all churches are irrelevant, dead or dying, & void of any real or meaningful message.

My reason to serve as a delegate: I think my experience with the Board of Pensions might be helpful in representing our conference in any upcoming legislation proposals in the area of pensions & health. I believe strongly in clergy accountability & in supporting the clergy who serve well—thus I am interested in upcoming proposed legislation in the area of ministry.

Years of previous General/Jurisdictional experience: I've never served as a delegate. I did attend three days of the last General Conference on my own & sat in on part of the Pension legislative committee to get a sense of how that worked.

Ministry 12 years, Local Pastor Registrar 8 years, Mentor for
Provisional Members 15 years, Board of Ordained Ministry Residency Program 2 years.
District-past: Chair Committee of Ordained Ministry. Other-member Trustees San Jacinto
Methodist Hospital.

Driving passion for ministry: To share the love & power of Jesus Christ with people. Having experienced new life for myself by the grace of God through the witness of one individual, I desire to witness through my own life as an ordained clergy of that same grace that changed me. I have given of myself as an ordained minister in the local church, a hospital chaplain, & a police chaplain to find those opportunities in a board spectrum to witness of the love of God to humanity.

My hope for the UMC in 5 years: Like everyone else who loves the UMC, I truly want to see the church turnaround from its slow decline in membership. Its heritage & polity give it such a powerful story & I believe that any turnaround has to happen at the local church level. We need to find ways to empower the local church. A beginning point is fill the pulpits of our local churches with effective pastors & in addition, find ways to allow the local church to use more of its own resources locally. The local church with effective clergy, able laity, & adequate funding is our best avenue to witness of the love of God.

My reason to serve as a delegate: After nearly thirty years of service to the UMC, I have come to understand & appreciate the polity of our church more fully. I have served on various committees & structures within the TAC & with the knowledge I have gained, I believe I can use it for the benefit of the church at a higher level. I believe I have the passion, the time, & the energy to give attention to the matters of the Gen-eral/Jurisdictional Conference.

Driving passion for ministry: To utilize the gifts I have received to bring the fullness of God's blessings to low-income neighborhoods & the churches & organizations whose ministries serve those neighborhoods. In many cases the UMC has abandoned many of those neighborhoods. Our heritage as Wesleyan Methodists is not to abandon, but to empower those neighborhoods & the churches that serve them with the fullness of our skills & resources. My personal goal in ministry is to do my best to make a positive difference for all in my path as an advocate & champion for justice & mercy. I feel called to utilize the gifts God has given me to serve some of Houston's poorest neighborhoods. Jesus reminded us that "just as you did it to one of the least of these who are members of my family, you did it to me" Matthew 25:40.

My hope for the UMC in 5 years: Bring to see more evidence of the revitalization of the church as it makes disciples & transforms the world. My hope is that we will begin to see that revitalization most fully in the neediest parts of our cities, our communities & our world.

My reason to serve as a delegate: I want to be an advocate for the revitalization of our church as it seeks to make disciples of Jesus Christ & transform the world in all segments of our community, particularly among the least & the lost.

Driving passion for ministry: My passion is to grow, & to help others grow, as disciples of Jesus Christ. In Matthew 4:19, Jesus says, “Follow me, & I will make you fish for people.” The call of Jesus summons each of us to two simultaneous vocations: to follow Jesus, & to make disciples for Jesus. These two tasks are given by Christ from the beginning, & they are inseparable. One cannot become a disciple without being willing to follow Jesus, & one cannot be a true follower if one is unwilling to “fish for people” on behalf of Jesus.

My hope for the UMC in 5 years: I see the Church “dying & rising with Christ.” The Church in America will continue to undergo profound changes brought about by accelerating demographic & fiscal realities. In some aspects of its structures & presence, the Church will experience a “dying.” I believe the Holy Spirit will lead us through a time of transformation into a new, risen future, a time of new birthing & new Missional focus on disciple-making. We will follow the global Church in this “rising.”

My reason to serve as a delegate: I want to contribute whatever energies I can to the future “rising” of a Church that is focused on helping people to become, & to grow, as disciples of Jesus Christ.

Driving passion for ministry: My primary interest remains parish ministry. To lead local churches in making disciples & transforming the world for Christ is my calling & joy. Even so, I find it important to serve within the larger structures of United Methodism to shape our life & work in more faithful & fruitful ways, strengthening our shared witness.

My hope for the UMC in 5 years: Thanks to the "Call to Action" & other legislative initiatives, I am again hopeful for the future of the UMC. Experience teaches that change will not come quickly, but the next five years are critical for our denomination. I believe that if we implement some of the good ideas now on the table for realigning resources to focus on what is most productive & allowing new flexibility in structure so as to no longer stifle creativity, we will get past the divisive issues, reclaim the gift of Wesleyan faith for our era, & mobilize for a greater effectiveness in God's kingdom. I pray it will happen!

My reason to serve as a delegate: My rationale to serve on the delegation is a matter of responsibility, not desire. With years of leadership in the UMC, I have a cumulative understanding of the current issues & proven skill in legislating, plus a network of relationships. I further appreciate the demands of being a good delegate & bring commitment to the task, plus a passion for the Church as a whole. My "want" is simply to help the UMC grow toward greater faithfulness & service for Christ tomorrow in fiscally sound & effective ways.

Driving passion for ministry: Reaching our community & the world with the gospel so that a real, transforming relationship with Jesus Christ impacts everyday life. Reaching out to our community to demonstrate God's love through helping ministries that help those who are hurting.

My hope for the UMC in 5 years: United in one passionate effort to focus on planting new congregations, calling the laity to pastor more small congregations as local pastors & revitalize the small church, & a focus on reaching young people & discipling them in the UMC.

My reason to serve as a delegate: To be a strong advocate for the small churches, local pastors & their needs. Also, to restructure & streamline the denomination's boards & agencies to eliminate inefficiency & better reflect the priorities of the local church. To stand strong for traditional Wesleyan theology, unity, & the inclusion of all United Methodists at the Communion table & the decision making tables.

Past: Chair Worship, Chair Conference Relations Committee of the Board of Ordained Ministry, Secretary Trustees, Golden Cross Task Force, COSROW. District-Chair Finance, two different Committees on Ministry.

Driving passion for ministry: My passion for ministry is that all might know God's love for them in Jesus Christ.

My hope for the UMC in 5 years: Alive & well & growing because we are willing to do whatever it takes to share the Gospel-forming creative partnerships to use resources in new ways, moving out into communities to serve God's people, worshiping & praising God in a variety of excellent ways; establishing new faith communities.

My reason to serve as a delegate: We can make a difference for Jesus Christ through General/Jurisdictional Conference & through the delegation. I am willing to do the hard work of preparation & prayer to be ready to help us keep "the main thing the main thing." I believe boards & agencies provide valuable resources & ministry but must be recon-figured for future effectiveness & stewardship so that local churches also have monies to do kingdom work in their communities.

Years of previous General/Jurisdictional experience: Jurisdictional Conference-1996 as alternate delegate, 2000, 2004 & 2008. General Conference-2000, 2004 & 2008. Legislative Committees, Church & Society 2000, Global Ministries, 2004 & Local Church 2008.

2010-present, Longview-First 2005-2010, Houston-Bear Creek

1997-2005, Lindale-First 1993- 1997.

Leadership in TAC structures: District-past: Tyler Committee

on Ministry & North Committee on Ministry. TAC-currently: Board of Ordained Ministry.

Past: Treasurer Board of Ordained Ministry, Chair Resolutions Committee.

Driving passion for ministry: To help people encounter Christ. As I began my role as District Superintendent, I determined to bring focus on the need for United Methodists to be better witnesses. It is my hope that Laity & Clergy in the UMC will take seriously the fifth component of our membership vows-witness.

My hope for the UMC in 5 years: I have great hope for the UMC as we move into the future. I have seen some movement away from doing things as they have always been done. There is a desire to be creative in developing diverse Churches & ministries that will reach out to more people with the gospel message. If we can keep our focus on making disciples, we have a great future!

My reason to serve as a delegate: I love the United Methodist Church! I cannot imagine what my life would be like if I had not been invited to go to a UMC, where I gave my life to Christ & where I answered the call into ordained ministry. The UMC has been my faith family. I want to take part in helping the UMC reverse the membership decline, so that the future will hold many, many more stories like mine.

Leadership in TAC structures: TAC-Board of Ordained
Ministry, Ethnic Local Church Concerns, Religion & Race, Annual Conference Planning
Team, & CF&A.

Driving passion for ministry: Local congregations to be vital in making disciples & growing.
I truly enjoy working with Finance & Administration committees to develop effective
stewardship ministries. My gift of systematic process stimulates the driving passion as a
change agent for a hopeful future in our denomination.

My hope for the UMC in 5 years: As a leading protestant denomination in evangelism &
church growth.

My reason to serve as a delegate: I believe my experience on local, jurisdictional & general
church boards, agencies & committees gives me insight that can be used in the discerning
process. I presently serve on the General Council on Finance & Administration in two
positions, personnel & as audit & review chairperson. This gives me the opportunity to meet
& work with people from various conferences thus, at times, giving me firsthand in-depth
insights of the denominations mission direction.

Years of previous election to General/Jurisdictional experience: Jurisdictional Conferences:
2000, 2004 & 2008. General Conferences: 2004 and serve on Finance & Administration

Leadership in TAC structures: My passion is the people of the UMC & the people in the mission field. I am passionate about the gathered body of Christ being involved in the practice of our faith through worship, spiritual disciplines, discipleship, & outreach ministry to the community & the world. As Wesley said, “You have nothing to do but save souls. Therefore, spend & be spent in this work.”

My hope for the UMC in 5 years: I hope to see the renewal of knowledge & vital piety among the people of the UMC through the continued implementation of short/long term studies, increased use of spiritual disciplines/means of grace, & greater involvement in outreach ministries. In 5 years I hope to see the General/Jurisdictional levels more responsive to the concerns of local ministry settings.

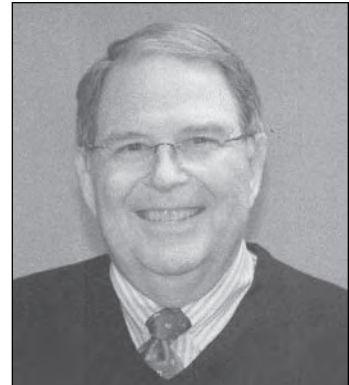

My reason to serve as a delegate: I would like to serve the church in ways that help shape the ministry of local ministry settings. I believe that my experiences of having lived in the US Virgin Islands, coming to faith as a teenager, “growing-up” in a large congregation & serving both large & small congregations in both sub-urban & rural settings, equips me to effectively represent our whole annual conference. I believe that our delegation will be most complete as we seek to include those candidates whose passion is the people of the UMC.

Years of previous election to General/Jurisdictional experience: Jurisdictional Conferences: 2000, 2004 & 2008. General Conferences: 2004 and serve on Finance & Administration Legislative Committee and 2008 and serve on General Administration Legislative Committee.

Leadership in TAC structures: TAC-Current: Cabinet
Statistician. Past: Secretary & Chair Global Ministries, Secretary Global Missions, Co-Dean
& Dean School of Christian Missions, Co-Dean Cabinet, member & secretary Board of
Ordained Ministry. Other-Chair Heartsprings Board.

Driving passion for ministry: Helping congregations & clergy understand & embody our
Lord's command to love God with every fiber of our being & to love our neighbor as
ourselves. With this firmly in hand we can evangelize & transform the world for Jesus Christ.

My hope for the UMC in 5 years: My desire is to see the UMC become a vital, growing,
unified denomination reaching across all boundaries, real and/or imagined, making disciples
of Jesus Christ & equipping congregations from ministry in every corner of God's creation.

My reason to serve as a delegate: I am deeply concerned that the UMC appears to be unable
to find unity in the midst of our theological diversity. If our denomination is going to survive
& thrive in the future then it appears to me that we have an obligation to discover theological
ground that would both be inclusive & unifying & would affirm all persons who are a part of
the United Methodist connection rather than separating, dividing & disenfranchising faithful
& loyal persons in Christ who are United Methodist. The lack of civility that I sometimes see
in our churches & clergy greatly concerns me. As an Annual Conference & a denomination
the church seems more willing to reflect culture than change culture through making disciples
of Jesus Christ.

Because I have served the church in a variety of capacities & congregations, small & large,
rural & urban, & as an alternate delegate to the 2000, 2004, & 2008 General Conference &
as a delegate to the 2004 Jurisdictional Conference, I believe I can listen & respond to the
concerns of many. Change, if it is to happen will only occur in the midst of compassionate
& open dialogue. For this to take place delegates must be experienced, have passion for the
church & be effective listeners. These are qualities that I work hard to employ.

Driving passion for ministry: I've served on Higher Education/Campus Ministry for 20 years & as campus minister for 15 years, so ministry to college students is something about which I'm very passionate. I find personal financial planning & accountability to be a driving interest. I frequently attend church legal & tax seminars & am a certified personal financial counselor for Dave Ramsey's Ministries.

My hope for the UMC in 5 years: 5 years is too short a time frame for a group that meets every 4 years. We need to think in terms of 15+ years so we can be realistic about what can be accomplished in the short amount of time General Conference meets. The ridiculous cost (in money & time) of education before clergy can enter the ministry field must be reduced so churches can be supplied with pastors who aren't burdened with outrageous debt. I believe the Church ought to be telling seminaries what kind of pastors we want rather than seminaries shaping the pastors & handing us whatever product they choose to send us. Many of our seminaries have lost site of our Wesleyan heritage & the values that entails, & this is a problem we ignore at our own peril.

My reason to serve as a delegate: I want to make a difference for the church I love so dearly. I enjoy the process of studying an issue, debating the points, & moving to a decision. I don't look at the process as a necessary evil, but an opportunity for discovery & disclosure that allows the Holy Spirit a chance to lead the body of Christ.

Other-Adjunct Faculty Perkins School of Theology/Houston Graduate School of Theology, President Lon Morris College, Wesley Community Center & Shalom Zone (board member), Perkins Intern Program (mentor).

Driving passion for ministry: I get excited whenever I see people come into contact with the grace of God, whether through missions, worship, or study. I love exploring the Word of God with others & I have a particular passion for encouraging younger people into opportunities for ministry & serving God.

My hope for the UMC in 5 years: Still alive & still relevant to our culture, although given societal & statistical trends, I believe we have a limited window of opportunity to truly fulfill that mission. I would like for us to be a church which is both faithful & fruitful, a global fellowship which brings God glory & can feel His pleasure, even as we bring His grace to more & more of all who are His children. I would hope that we will have found ways to move past those things which have divided us & found a new fervor for the world-transforming tasks which are before us.

My reason to serve as a delegate: I care deeply about our corporate life as a denomination & long for us to be useful still in the work of God's Kingdom. Towards that end, how we structure our life together, expressed through both our polity & our common goals & dreams, may seem like mind-numbing minutia to some, but it is a pivotal task nonetheless for which I believe I have some gifts & graces & towards, and which I feel genuinely called. In the words of Mr. Wesley, I want to do all the good I can, wherever I can, for as long as I can.

Years of previous General/Jurisdictional experience: General Conference 2008 (Global Ministries Legislative Committee) and either as a delegate or alternate in 1988, 1992, 1996, 2000, & 2008 Jurisdictional Conferences.

Jurisdictional-Youth Steering Committee 1996-1998, National Board of Methodists United for Peace with Justice 1997-1999.

Driving passion for ministry: In big & small amounts God still calls & captures the hearts of people & redirects their lives; I love being in the room when it happens. It is the humbling fuel that shapes my work that by word or deed & the grace of God I get to play a role in helping people begin or deepen their journey with Christ. I am also fired up to join people who are responding to & reflecting on the implications of the healing & forgiveness they have experienced in Christ. I am passionate about seeing this personal transformation expressed in communal worship, study & action.

My hope for the UMC in 5 years: My hope is that our movement has taken great strides in our understanding of who we are & what we are about as a people. In so doing it is my prayer that we find voice & vigor for responding to the deep ache at the core of our increasingly secular society. To speak hope, life & meaning to a world hungry for but unfamiliar with these gifts of God we will need to be more courageous, more creative, more joyful & more purposefully & passionately connected to the great heritage to which we are heirs & stewards. In 5 years I pray that the UMC is closer to its roots & more abundant in its fruit.

My reason to serve as a delegate: I believe that the best days of the UMC are still to come & if I may be of service in its renewal, growth, & increasing faithfulness at any level then it would be an honor.

Driving passion for ministry: “Diversity” is a difficult concept to get our minds around. We need diversity in our congregations, but diversity makes ministry both dynamic & difficult. I hope the TAC and the whole church will remember that our delegates should be as representative & diverse as our conference is—and needs to be.

My hope for the UMC in 5 years: It is my concern that some of the most significant issues will come from the General Board of Pensions: how they structure their funds..and how we as the church deal with an impending crisis of underfunded & potentially bankrupt conferences who have clergy depending on pensions that are not funded. I am also concerned about how the church needs to re-examine the apportionments & other top-down structures which sustain many worthy ministries but which for many congregations become increasingly difficult to fund. Politics aside, these struggles will not go away. How do we remain a connectional church while finding ways not to just survive but grow in a time of institutional decline & cultural diversity?

My reason to serve as a delegate: I have been an elder in the conference for 30 years. During that time, I have observed that the issues which get the most attention in front of General Conferences are not always the most significant to the local congregations or our Annual Conference. I would like the opportunity to bring attention to & concentrate on those issues which have a real impact on clergy & laity “in the trenches” of ministry.

Driving passion for ministry: Creating opportunities for the discipling of the un-churched & marginal churched in the varied mission fields of the TAC. Being an advocate for the training of youth & young adults for the leadership of our local congregations.

My hope for the UMC in 5 years: See the UMC again become a spiritual movement, that is focused on reaching & discipling of people. A church that is focused on building relationships, rather than trying to find those things to which we disagree. A church that children, youth & young adults would want to call home.

My reason to serve as a delegate: In order for the church to once again become a movement, it must be through examination of our current organizational structure. I believe my varied experiences have prepared me to be a part of that discussion.

Leadership in TAC structures: TAC-Board of Ordained
Ministry, Clergy Recruitment, Committee on Clergy Excellence (precursor to the Center

Driving passion for ministry: I have great interest in helping clergy to be as effective as possible. This involves training at the entry level, continuing education, & the maintenance of high performance standards. It will also include a fair & just process for dealing with ineffectiveness when that is present. When all these elements are present, we have the best chance of a ministry that is a blessing to God, to the church, & to the clergy & their family.

My hope for the UMC in 5 years: That the UMC will be living out our Mission Statement ("to make disciples of Jesus Christ for the transformation of the world"). I pray that we will be able to balance traditional landmarks of Wesleyan theology with practices that have been effective in reaching young families & new Christians of the 21st century. I pray that our churches will be filled with non-Christians (who are in the process of learning to be committed Christians).

My reason to serve as a delegate: I believe that the General Conference can still be a useful tool in doing God's work, & I want to be part of that. I love the UMC, but recognize that changes need to be made to accommodate the realities of the 21st century UMC: Our international growth, the challenge of an increasingly non-religious culture in the West, the course adjustments that will make our presentation of the Gospel most effective. I've been to the past seven General Conferences, & I've learned something about how to help make important changes happen.

Years of previous General/Jurisdictional experience: Jurisdictional Conferences— 1996, 2004, & 2008. General Conferences-2000 and served on Independent Commissions Legislative Commission. In 1984, 1988, 1992 & 1996 I served on the General Conference support team as a Marshal.

Driving passion for ministry: The church should be a place where each person's calling from God can be discerned & affirmed & then lived out within the larger body of the church in the name of Jesus Christ. God calls each one of us in a unique & wonderful way to have a part in bringing the Kingdom of God into its fullness of being, into that glorious vision that God envisions & it takes every one of us to do that. Our United Methodist vows of membership invite us to commit our prayers, our presence, our gifts, our service & our witness; indeed, our whole being is committed to walking the way of Christ & bringing the "Peaceable Kingdom" into being.

My hope for the UMC in 5 years: Our church will realize a unity of spirit that comes not in spite of our differences but rather because we have realized that our diversity can teach us much & can bring us to a fuller understanding of who God is. I pray that we will learn to leave a little bit more of our vision of who we think we are as a church behind & become a beacon to the world in the name of Jesus Christ.

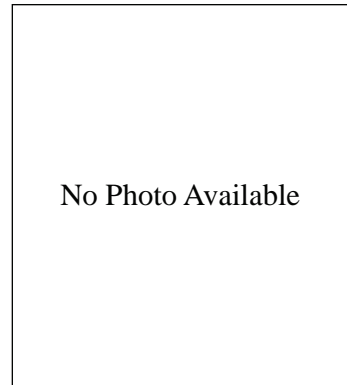

My reason to serve as a delegate: I am a fifth generation United Methodist & I love this church. Part of the reason that I think our church will survive as a denomination is because our polity, our way of "doing church", invites us & expects us to look at ourselves every four years to make sure that we are being who God calls us to be. I would like to serve as a delegate & be a part of what I think is a powerful statement of who we are as we take a critical look at ourselves & do the work of discerning where God calls us to be over the next four years.

Other-currently: Trustees Lon Morris College.

Driving passion for ministry: To make disciples of Jesus Christ through preaching, teaching, missions, & leading God's people called Methodists. Reaching out to people who we can disciple in the Wesleyan way of Christ.

My hope for the UMC in 5 years: Making more & stronger disciples of Jesus Christ. A General & Jurisdictional Conference structure including budget & staff, that is better aligned with our disciple making mission; boards & agencies more accountable to the mission of the church; more clarity around the lines of authority & relationships between these groups; making strides in communicating the Wesleyan expression of the Gospel to the growing Hispanic population.

My reason to serve as a delegate: To corporately discern with other delegates how best to support leaders & legislation that focuses us on the mission of the church "to make disciples of Jesus Christ for the transformation of the world." In our leaders & our legislation to embrace the best of our Wesleyan expression of the Christian faith— personal holiness rooted in creedal orthodoxy & social holiness that emphasizes justice & mercy for, & service among, the poor & the marginalized among us.

Leadership in TAC structures: TAC-Chair Evangelism 2004-
2008, Camping Ministries 1994-present, & Hispanic Ministries 2006-2008.

Driving passion for ministry: Evangelism is my passion, making disciples of Jesus Christ. This has been the driving passion of my ministry since I started as a local pastor in 1987. However, my focus & my joy has changed in the past several years. Where my interest in evangelism used to be about church growth & numbers, I have come to the point in my ministry where my joy & passion comes from the prospect & involvement in lives that are changed & transformed. This is pure evangelism in my book, when the church is actively working to transform people & change lives.

My hope for the UMC in 5 years: To see an intentional focus on spiritual health. It is my contention, that we as a whole are not spiritually healthy. We've not done a good job at teaching our membership the vital importance of worship, discipleship, Christian service, sharing our faith, & community as they relate to a Christian's spiritual health. We've hoped that we could preach good sermons & teach Bible studies & the spiritual growth would just happen. Spiritual growth is intentional & if we want a spiritually healthy church we will need to be intentional about growing spiritually healthy Christians.

My reason to serve as a delegate: I am 49 years old, which makes me on the younger end of the baby boomers & the higher end of the baby busters. I believe that I will be serving the UMC for at least another 15-20 years. I want to do my part to make sure the UMC is around in the next 15-20 years.

Driving passion for ministry: My passion for ministry is singularly pastoral & directed by
the hope expressed when we pray “Thy kingdom come, Thy will be done on earth as it is in
heaven.” I believe that God’s kingdom is present & God’s will is fulfilled wherever human
lives, human institutions, & the created order serve the loving purpose of God revealed in
Jesus Christ. My driving interest for ministry is discipleship that bears witness to the good
news of God’s love revealed in Christ, that acts in its behalf, & that seeks its benefits for all.

My hope for the UMC in 5 years: Affirming its essential oneness with Christ, with one
another, & in ministry to all the world. I hope to see the Church moving away from the
practice of legislating ideological standards, which subjects the connectional Church to the
dynamics of democratic majority rule & weakens its essential connectional nature by creating
adversaries from brothers & sisters who should in fact be valued partners in the vital work &
shared responsibility of discernment & faithful service. I hope to see the UMC reversing its
resistance to full inclusion of all persons in the life of the Church & finding a new vitality in
discovering its capacity to start over & to build a new Church for a new day, one that is made
stronger through reconciled relationships & the newly abounding gifts & graces of the whole
people of God.

My reason to serve as a delegate: I love the UMC & I am deeply assured of its significance
& transformational role in our world. In 2008 I was blessed with the opportunity to serve as
a legislative monitor when the General Conference convened, & with that opportunity I had
the good fortune to observe first hand the detailed work within legislative committees & to
attend every plenary session of the conference. That experience intensified my commitment
to whole Church & stirred my desire to contribute to its general vitality & vision. I would
welcome the privilege to join with our other elected delegates in representing the TAC &
participating in the important work of discernment & decision making that will help give
shape to the exciting future of the UMC.

spiritual development, particularly utilizing the Cove-nant Discipleship Model.

My hope for the UMC in 5 years: Equip pastors for transformational leadership in a time of
great paradigm shifts. The world has dramatically changed in the past 10 years, & so have the
expectations of our churches. They too, need to be willing to risk & rethink what it means to
be the church in this emerging culture.

My reason to serve as a delegate: 30+ years of service in small, medium, large churches,
Cabinet, & currently an Extension Ministry, has afforded me the opportunity to view the
church from a global perspective. There are some interesting & complex issues facing the
general church.

Years of previous General/Jurisdictional experience: Jurisdictional Delegate 2004.
