Did you find something?

If either case pertains to you, please go to the Hilton Hotel Americas 2nd level "Information Booth" and you will find our Lost and Found. Maybe what you lost is found, or maybe what you found is lost! Go check it out and see.

Please Turn Off Your Cell Phone during Conference

Please be courteous and put your cell phone on vibrate only, or turn them off while you are attending any events during the Texas Annual Conference. It is very disrupting to have a ring tone sound off during someone's presentation or in a worship service. Please take the time to help alleviate this from happening. Thank you for your courtesy!
