# South Central Jurisdiction Episcopal Areas Study

South Central Jurisdiction College of Bishops  
The United Methodist Church  
February 2009

## OUTLINE

<b>Report on Two Surveys</b>	1
○ Jurisdictional Conference Survey of Delegates, July 2008	
○ Online Survey of Clergy and Laity, Fall 2008	
<b>Background Data for Reference in the Study</b>	6
○ Comparisons of Episcopal Areas across Jurisdictions	6
○ Comparisons of Conferences across the South Central Jurisdiction	7
○ Projected Population Change by Counties by 2030	13
○ SCJ Metro Areas among Nation's Largest 50	14
○ Basic Census Data for States in the SCJ	15
○ Some Judicatory Boundaries from Other Denominations	16

**South Central Jurisdiction  
College of Bishops Episcopal Areas Work**

**Criteria for Shaping New Episcopal Area Boundaries  
Report on Two Surveys**

**Foundational Principles**

The following principles were developed by the College and presented to Jurisdictional Conference in July 2008:

- **Mission.** Everything we do is shaped by our mission to make disciples of Jesus Christ for the transformation of the world.
- **A More Vital, Faithful, and Fruitful United Methodist Witness.** We envision an outcome of our work being a stronger United Methodist presence and witness.
- **Listening to God.** Prayer and discernment must undergird and shape all of our deliberations.
- **Listening to Everyone Affected.** One way we will listen to God is by listening to one another across the jurisdiction to hear the wisdom God has given each of us on this matter.

**Additional Considerations Presented for Feedback**

Additional considerations were presented for feedback and prioritization through a survey of Jurisdictional Conference delegates and a subsequent online survey open to all clergy and laity of the jurisdiction. From the survey results, below is an attempt to sort the considerations in terms of the priority suggested by the survey respondents.

**Top Tier**

- **Positioned for the future.** What alignment best positions the church to reach mobile populations where they will be living in the coming decades?
- **Work load.** What alignment most balances the work load among the bishops?
- **Stewardship.** What alignment makes best use of money and time?

**Second Tier**

- **Churches.** Which alignment best balances the number of United Methodist churches among episcopal areas?
- **Geography.** What alignment most balances the physical size of the episcopal areas?
- **Underserved populations.** What alignment best positions the United Methodist Church to reach populations underrepresented today?
- **Clergy.** Which alignment best balances the number of clergy among episcopal areas? 1

### Third Tier

- **Membership.** Which alignment best balances the United Methodist membership among episcopal areas?
- **Social and cultural affinities.** What alignment best takes account of social and cultural commonalities?
- **Conferences per bishop.** What alignment best provides the most one conference/one bishop assignments?
- **Simplicity.** What alignment is least disruptive?
- **\*Population centers.** What alignment will best ensure episcopal presence in key population centers of the jurisdiction?

### Fourth Tier

- **Population.** Which alignment best balances the population among episcopal areas?
- **History.** What alignment most preserves historic connections and relationships?
- **States.** Which alignment best takes account of state boundaries?

\*Population centers is the consideration where there was significance difference among respondents. Jurisdictional Conference delegates tended to rate it much higher than did the online survey respondents.

There are obviously overlaps among the considerations, as well as places where mixed messages seem to be sent by survey respondents. For example, “positioned for the future” ranks first from every group and includes in the description provided on the survey language about the church being positioned to “reach mobile populations where they will be living in the coming decades” while other considerations dealing with “population” rated lower.

## Jurisdictional Conference Rankings

### Ranking When Delegates Were Asked to Rate Each Consideration

(Very Important (counts 4 below), Important (3),  
Somewhat Important (2), Unimportant (1))

1. Positioned for the Future (905)
2. Stewardship (885)
3. Work load (845)
4. Underserved populations (822)
5. Population centers (776)
6. Social and cultural affinities (763)
7. Geography (745)
8. Churches (739)
9. Conferences per bishop (737)
10. Membership (735)
11. Simplicity (725)
12. Clergy (720)
13. Population (719)
14. States (699)
15. History (591)

### Ranking When Delegates Had to Rank Their Top Five

(Scores below reflect the tallying of 5s, 4s, etc.)

1. Stewardship (397)
2. Positioned for the Future (367)
3. Work load (336)
4. Geography (295)  
Churches (295)
6. Population centers (279)
7. Membership (275)
8. Underserved populations (257)
9. Social and cultural affinities (256)
10. Clergy (241)
11. Conferences per bishop (239)
12. Simplicity (217)
13. Population (201)
14. States (162)
15. History (106)

## Online Survey Rankings

### Clergy Responses (551)

#### Ranking When Asked to Rate Each Consideration

(Very Important (counts 4 below), Important (3), Somewhat Important (2), Unimportant (1))

1. Positioned for the future (1,495)
2. Stewardship (1,432)
3. Work load (1,380)
4. Underserved populations (1,352)
5. Conferences per bishop (1,274)
6. Geography (1,258)
7. Population centers (1,233)
8. Churches (1,228)
9. Social and cultural affinities (1,222)
10. Simplicity (1,184)
11. Clergy (1,168)
12. Population (1,124)
13. Membership (1,105)
14. States (1,104)
15. History (985)

#### Ranking When Clergy Had to Rank Their Top Five

(Scores below reflect the tallying of 5s, 4s, etc.)

1. Positioned for the future (652)
2. Work load (635)
3. Stewardship (558)
4. Churches (489)
5. Clergy (485)
6. Underserved populations (452)
7. Geography (451)
8. Conferences per bishop (434)
9. Simplicity (390)
10. Social and cultural affinities (357)
11. Membership (336)
12. Population (306)
13. Population centers (302)
14. States (283)
15. History (229)

### Lay Responses (181)

#### Ranking When Asked to Rate Each Consideration

(Very Important (counts 4 below), Important (3), Somewhat Important (2), Unimportant (1))

1. Stewardship (446)
2. Positioned for the future (442)
3. Underserved populations (417)
4. Work load (415)
5. Conferences per bishop (396)
6. Population centers (386)
7. Churches (380)
8. Geography (375)
9. Social and cultural affinities (370)
10. Clergy (365)
11. Population (360)
12. Membership (359)
13. Simplicity (358)
14. States (314)
15. History (302)

#### Ranking When Lay Persons Had to Rank Their Top Five

(Scores below reflect the tallying of 5s, 4s, etc.)

1. Positioned for the future (183)
2. Work load (176)
3. Churches (169)
4. Stewardship (164)
5. Underserved populations (164)
6. Geography (142)
7. Clergy (131)
8. Social and cultural affinities (131)
9. Membership (126)
10. Conferences per bishop (120)
11. Simplicity (115)
12. History (99)
13. Population centers (88)
14. Population (80)
15. States (64)
